

RIGHT OR WRONG

Christian Pawlik 13.01.03

1. *Saw your eyes in the light
Like the stars shining so bright
Smelled your skin just one night
Thought everything was so right*

*But just a word broke it apart
A single word that hit so hard
Everything's over within a second
I still wonder what has happened*

Chorus:

*You never wanted to hurt me
but now there are bleeding hearts
Talking with each other is sometimes so very hard*

2. *We never talked about us
Our pride just never let us
So many things left unspoken
Two hearts so easily broken*

*Maybe it is the right way
Perhaps it's better not to stay
Who knows what's right or wrong
But feelings are still so strong*

Chorus

Bridge:

*Don't know if it's right or wrong
The decisions took much too long
Being together or tearing apart
Some things in life are much too hard*

Solopart
