

THE WAY

Christian Pawlik

*What happened to you that day
You gave your job away
You were afraid
Of being ignored
You left your town behind
Wanted a brand new life
You wanted love
But not an unreal one*

*You're searching for a way
You run, You run, You run
You're searching for a way
You run, You run, but it's too late*

*And so your life has changed
No friendships anymore
Now there's time
For being alone
Your problems fill your head
No one to talk to now
You have choosed
The wrong way*

*You're searching for a way
You run, You run, You run
You're searching for a way
You run, You run, but it's too late*

*Your mouth becomes a sword
Your heart turns to stone
You are afraid
Of giving up*

*You will find your right way
Solutions don't come within a day
Don't give up
Just try it again
Just show your feelings now
And stand to yourself
And you will find
Your own way*

*You'll find your way
You run, You run, You run
You'll find your way
You run, You run, it's not too late*
